

Kin Impact Initiative

About the Initiative

Help us collect the true human impact stories from people your club has made a difference for! You'll be able to see the impact of your work beyond the number of service hours and dollars. These types of stories are also great to use as part of your club's fundraising, marketing, and recruitment efforts.

Kinsmen, Kinette, and Kin clubs have been a staple in communities for 100 years.

Kin Canada wants to thank our dedicated volunteer members by showing them the true human impact of all the work they do for others.

If your family or community is better off in some way because of your local Kin, we want to hear from you!

Share how Kin have impacted you at bit.ly/KinImpactForm
